

Water Fund (Public Works – Utilities Division)

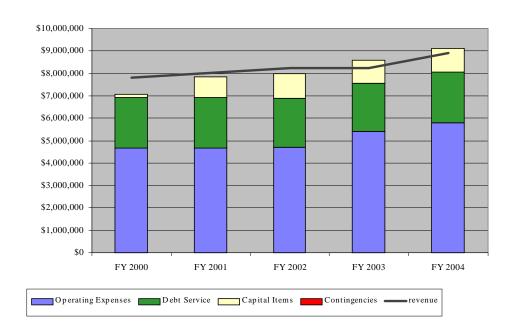

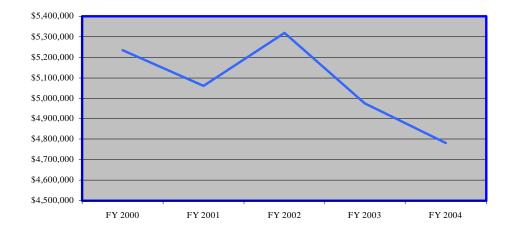

Water Fund Description

Lynchburg has one of the nation's oldest public water systems. Today, the system is managed by the Public Works Department and furnishes safe drinking water to 65,300 City residents and businesses. It also delivers water to Amherst, Bedford and Campbell Counties under wholesale contract agreements. Lynchburg's raw water comes from the Pedlar Reservoir, a protected watershed in the George Washington Forest and from the James River. The system can deliver up to 26 million gallons of water a day from two water treatment plants. Total treated water storage capacity is approximately 33 million gallons. Water is delivered through a 450mile network of transmission and distribution lines, 12water storage tanks and 7 major pump stations.

Public Works Utilities Division Water Fund Administration. Leadership, management and administrative support are provided for water and wastewater functions, including the operation and maintenance of two water treatment plants and one wastewater treatment plant, a surface water reservoir on the Pedlar River, 33 million gallons of system storage, water distribution lines, stormwater lines and basins, sanitary sewers, sewer separation projects, and meter reading. Functions include serving as governmental and regulatory liaison, providing engineering support, ensuring compliance with environmental regulations, financial and human resource management, safety coordination, and other administrative duties. Services for which oversight is provided are federally mandated by the Safe Drinking Water Act and the Clean Water Act. Oversight is provided by the Virginia Department of Health and the Virginia Department of Environmental Quality.

Water Fund Administration Operating Budget Description

The Proposed FY 2004 Water Fund Administration budget of \$897,975 represents a 32.94% increase of \$222,494 as compared to the Adopted FY 2003 budget of \$675,481.

Significant changes introduced in the Requested FY 2004 budget include:

- \$112,296 increase in Salaries due to incorporating the CSO office staff (2 positions) with Administration.
- ♦ \$34,503 increase in Employee Benefits due to incorporation of CSO office and rising health and dental insurance costs.
- ♦ \$7,500 increase in Maintenance & Repair due to incorporation of CSO office.
- ♦ \$66,000 increase in Professional Services due to incorporation of CSO office.
- ♦ \$6,000 decrease in Large Installations due to reclassification of accounts.
- ♦ \$2,500 increase in Miscellaneous Contractual services due to incorporation of CSO office.
- ♦ \$495 increase of Fleet Service charges due to incorporating the CSO office.
- ♦ \$4,300 increase in Supplies & Materials due to CSO office and inflation.
- \$2,200 increase in Travel & Training due to the incorporation of the CSO office.
- \$600 decrease in Telecommunications due to historical trend.
- ♦ \$2,300 increase in Dues & Memberships due to including the CSO office.
- \$3,000 decrease in Miscellaneous Other Charges due to reclassification of accounts.

The Department requested \$911,012.

Major items requested not proposed for funding include:

- ♦ \$7,326 in Salaries.
- ♦ \$1,500 in Supplies & Materials.
- ♦ \$1,404 in Internal Service Charges.
- ♦ \$1,600 in Utilities.
- ♦ \$1,500 in Contractual Services.

The Proposed FY 2004 Water Fund Administration budget was adopted with the following changes:

• \$12,764 increase in Salaries and Fringe Benefits reflecting a two percent general salary increase.

Public Works Utilities Division Meter Reading. Meter Readers record water meter readings for over 20,000 accounts, which serve as the basis for monthly water and sewer billings. Personnel replace meters on a schedule intended to assure accurate recording of consumption. Two inch and larger meters are replaced or calibrated on a regular basis as recommended by the American Water Works Association. Residential meters are replaced as needed but not less than every 12 years. At the direction of the Billing & Collections Division, Meters Readers investigate unusual consumption, activate or deactivate water service, and investigate customer complaints for meter reading issues. Meter inventory records are maintained. Route and sequence numbers are assigned to new accounts and other file maintenance is performed. Meter Readers also.

# of Turn-on / Turn-offs	6,208	3,800	3,800	3,800	3,800

Meter Reading Operating Budget Description

The Proposed FY 2004 Meter Reading budget of \$508,010 represents a 24.20 % increase of \$98,969 as compared to the Adopted FY 2003 budget of \$409,041.

Significant changes introduced in the Requested FY 2004 budget include:

- ♦ \$44,697 increase in Salaries due to position realignments and anticipated new Backflow Prevention Technician position.
- \$17,846 increase in Employee Benefits due to rising health and dental insurance costs.
- ♦ \$22,000 increase in Large Installations due to additional work performed to maintain 2 inch and larger meters.
- ♦ \$4,300 increase in Miscellaneous Contractual Services is generated due to inclusion of the PIER program.
- \$304 decrease in Fleet Service charges due to historical trend.
- ◆ \$7,300 increase in Supplies & Materials due to additional work to be completed and anticipated increase in cost of materials.
- ♦ \$2,700 increase in Travel & Training due to new programs which require further training such as the Backflow Prevention Program.

The Department requested \$513,204.

Major items requested not proposed for funding include:

♦ \$3,815 reduction in Internal Services charges.

The Proposed FY 2004 Meter Reading budget was adopted with the following changes:

• \$6,762 increase in Salaries and Fringe Benefits reflecting a two percent general salary increase.

Public Works Utilities Division Water Line Maintenance. Provides installation, maintenance, and repair of water lines, water services, hydrants, and valves. Responds to customer complaints, investigates, and initiates remedial action. Maintains records on the date of repairs, the length of service and the types of materials and equipment used. The water distribution system continually delivers treated water, under pressure, to customers. Services are federally mandated by the Safe Drinking Water Act. Oversight is provided by the Virginia Department of Health.

Water Line Maintenance Operating Budget Description

The Proposed FY 2004 Water Line Maintenance budget of \$1,123,696 represents a 14.73 % increase of \$144,246 as compared to the Adopted FY 2003 budget of \$979,450.

Significant changes introduced in the Requested FY 2004 budget include:

- \$63,328 increase in Salaries due to position realignments and funding for crew leader positions.
- \$17,995 increase in Employee Benefits due to rising health and dental insurance costs.
- \$8,000 increase in Large Installations when contractors are necessary to repair water lines.
- \$3,173 increase in Fleet Service charges due to historical trend.
- ♦ \$49,150 increase in Supplies & Materials due to additional work to be completed and anticipated increase in cost of materials.
- \$2,000 increase in Travel & Training due to implementation of programs that require training.

The Department requested \$1,163,482.

Major items requested not proposed for funding include:

- ♦ \$4, 561 reduction in Gas/Fuel.
- ♦ \$33,175 reduction in Fleet Service charges.

The Proposed FY 2004 Water Line Maintainance budget was adopted with the following changes:

• \$11,148 increase in Salaries and Fringe Benefits reflecting a two percent general salary increase.

Public Works Utilities Division Water Treatment. Raw water from Pedlar Reservoir in Amherst County is delivered through a 22mile gravity pipeline to Lynchburg. Two raw water pumping stations are located on the James River to augment the Pedlar supply as required. Chemicals are added at Pedlar Reservoir and at the Abert and College Hill Filtration Plants where treatment is completed. Water is continuously examined for quality assurance during processing. In addition, periodic sampling is performed at selected points in the water distribution system to assure delivery of safe and potable water. Water is provided without interruption and with sufficient volume and pressure for consumption and for fire suppression throughout the City. The water quality is federally mandated by the Safe Drinking Water Act. Oversight is provided by the Virginia Department of Health.

BUDGET SUMMARY					
By Object Code:	Actual FY 2002	Adopted FY 2003	Amended FY 2003	Manager's Proposed FY 2004	Adopted FY 2004

Cost of Treatment / MG Treated	\$443	\$435	\$473	\$461	\$465

Water Treatment Plant Operating Budget Description

The Proposed FY 2004 Water Treatment budget of \$2,019,635 represents a 5.90% increase of \$112,534 as compared to the Adopted FY 2003 budget of \$1,907,101.

Significant changes introduced in the Requested FY 2004 budget include:

- ♦ \$17,023 increase in Salaries due to an 2% salary increase.
- \$13,074 increase in Employee Benefits due to rising health and dental insurance costs.
- ♦ \$29,800 increase in Maintenance & Repair by outside vendors due to historical data and Pedlar Discharge Station \$12,100.
- \$12,000 decrease in Printing & Binding due to historical trend.
- \$12,000 increase in Large Installations due to historical trend and economic indicators of rising costs.
- ♦ \$2,000 net increase in Miscellaneous Contractual Services due to a decrease based on historical data and inclusion of the PIER program.
- ♦ \$10,248 decrease in Internal Fleet Service due to historical trend.
- \$23,800 increase in Supplies & Materials due to increase in workload and rising costs in materials.
- ♦ \$40,000 increase in Utilities due to increase in both electricity usage and AEP rates.
- \$3,100 decrease in Dues & Memberships due to historical data.

The Department requested \$2,024,289.

Major items requested not proposed for funding include:

♦ \$6,300 reduction in Supplies & Materials.

The Proposed FY 2004 Water Treatment budget was adopted with the following changes:

• \$16,884 increase in Salaries and Fringe Benefits reflecting a two percent general salary increase.
